We had a great showing of pouters and croppers at the Reading Pigeon Association Winter Show in Lancaster, PA. There were over 90 pouters / croppers with 34 brunners entered by 9 exhibitors in 4 states. There were 4 junior exhibitors showing pouters and croppers with Heather winning the brunner completion and placing nicely in the overall pouter / cropper completion.

This was a great brunner show! We secured a judge well ahead of time and called around to be sure everyone knew about the event. There were lots of people interested in brunners and I had to turn away requests for birds as I simply didn't have any more to spare. In the end, a brunner took second reserve pouter / cropper overall. The yellow brunner OH #22 won best pouter / cropper last year. This year she simply tired out during the show and was beaten by excellent English and Norwich for top honors. All and all a wonderful time!
